INTERIM RECONCILIATION BULLETIN 07-01

TOPIC: FY07 Interim Reconciliation Bulletin	ISSUE DATE: 10/06/06
AUTHORIZED BY: Cheryl Thompson, Financial Manager	PAGE 1 OF 4

Background

The Department of Health and Family Services is required to conduct periodic reconciliations of fiscal data with the Department of Administration. To facilitate this overall process, the Bureau of Fiscal Services attempts to control the data entered into the Fiscal Management System and the Department of Administration System.

Procedures

To control the entry of data into both accounting systems for the quarterly interim reconciliation, please review the attached schedule to this communication. Special attention should be directed to the following areas:

Keying Cutoff Dates
Submission of Deposit Vouchers and CR Preparation
Submission and Approval of Journal Vouchers.

BFS releases interface documents to DOA the day after they are keyed. They appear on the WiSMART suspense file and are part of the respective reconciliation. Once BFS receives the material from the organizations, approvals are applied in WiSMART and checks are received for mailing. The sooner the materials are received from the organizations, the sooner checks will be mailed. DMT-188's and related data should be submitted PROMPTLY.
